Nativity Cards

I originally took these photos to go along with our Nativity “I Spy” bottles. These were printed and hung around the bottle. The children had to find whatever was on the picture in the bottle.

You could also use these Nativity cards to:

1. Create a Nativity Memory game.
   Print two of each page onto cardstock. Cut out the cards. Place all cards face-down and try to find the matches.

2. Retell the Christmas story.

These graphics may be used for personal/non-commercial use only. Do not add these files to any file-hosting sites (ie. Yahoo groups etc.) If you’d like to share, please share the link instead.
