ICE CREAM IN A BAG

Ingredients

2 Tablespoons of powdered sugar
1/2 cup of whipping cream
1/4 teaspoon of vanilla
6 Tablespoons of rock salt
1 pint-size Ziplock bag
1 gallon-size Ziplock bag
ice-cubes

1. Pour the first three ingredients into the pint-size bag. Seal it tightly.
2. Fill half of the gallon-size bag with ice and then add the rock salt.
3. Place the smaller bag inside the bag with the ice. Seal it tightly.
4. Shake, shake, shake and shake some more!
5. When it looks like ice cream, take the smaller bag out from the bag of ice. Wipe the outside with a wet rag, open the bag and eat with a spoon!

1. For the top booklet, cut around the booklet on the black lines. Fold in half.
2. Cut out the ingredient list and the directions. Glue to the inside of the ice cream booklet.

Use in a lapbook, as a card in an ice cream gift basket or just as a recipe card!
